"Personalizing Education – Challenging Minds."

Dear Explore Knowledge Academy Families, Guardians, and Caregivers:

All students and members of our school communities deserve to feel safe, welcomed, and included. It is on all of us to work together to prevent firearm violence and to avoid the harm and tragedy that shootings of any kind can cause in the spaces in which we live, learn, work, and play.

Safe firearm storage is one of many preventative actions that you can take in keeping our school community and school buildings and grounds safe. When firearms are stored safely, it can help prevent them from getting into the hands of children and teens, who may use them to, intentionally or unintentionally, harm themselves or others. Safe storage can go a long way in preventing lives from being lost or permanently altered. If you have firearms in your home or if your child spends time in a space where firearms are present, there are important steps that can be taken to keep firearms secured and out of reach of unintended users.

Firearm-Related Injuries and Deaths: A Problem We Must Solve Together

Firearm-related injuries and deaths are a public health crisis that communities across the nation face every day:

- Since 2018, there have been more than 100 school shooting incidents per year in our country and those numbers have steadily increased.¹
- Approximately three-quarters of perpetrators in school-based active shooter situations acquired their firearm from the home of a parent or close relative.² This illustrates the close connection between your role as families, caregivers, and guardians and the role of Explore Knowledge Academy in keeping students safe while on school grounds.
- However, this issue goes beyond school-based active shooter situations and includes a variety of firearm injury types, including interpersonal violence, suicide, and unintentional fatal and nonfatal firearm injuries.³
- More than 4 million children live in a household with at least one unlocked and loaded firearm.⁴ Studies have found that households with both locked firearms and locked ammunition have significantly lower risks of self-inflicted firearm injuries and even lower risks of unintentional firearm injuries among children and teens compared to households that did not safely store firearms.⁵

Safe Firearm Storage: Actions to Take to Keep Our Communities Safe

Safe firearm storage can help prevent and minimize the risk of firearm-related deaths and injuries. Everyone, both firearm owners and non-owners, has a role to play in building awareness of safe, responsible firearm storage. Below are simple, highly effective practices that can help to reduce firearm-related incidents in our community and help protect our kids. In addition to these practices, it is important to also engage children and adolescents in conversations about the dangers associated with using firearms and what to do and not do in the event they access a firearm, to prevent fatal or non-fatal injuries.

"Personalizing Education – Challenging Minds."

- **Safely Store Firearms:** Store firearms—always unloaded—in a tamper proof locked cabinet, box, safe, firearm vault, or storage case that children or other unauthorized adults cannot access.
- **Safely Store Ammunition:** Store ammunition in a separate, tamper-proof locked cabinet, safe, firearm vault, or storage case that children or other unauthorized adults cannot access.
- **Secure Firearms:** Use trigger locks or cable locks to prevent a firearm from firing. (More information can be found on the [Safe Firearm Storage Fact Sheet](#), developed by the U.S. Department of Justice.)
 - Trigger locks use a mechanism that clamps down around the trigger or trigger housing to prevent it from being pressed (*Note: trigger locks should not be installed on loaded firearms*).
 - In a cable lock, a cable is threaded through the barrel or action of a firearm to prevent it from firing.

Explore Knowledge Academy remains committed to helping ensure the safety of our students and school community. We can all work together to promote awareness about how we can protect our children and our whole school communities by safely storing firearms and prevent tragedies from ever occurring. Thank you for being a partner in these efforts, and for helping reduce firearm-related injury and deaths in our community.

Sincerely,

Abbe Mattson

Superintendent

DRESS CODE POLICY

It is the intent of Explore Knowledge Academy to foster an atmosphere of student empowerment based on individual choice. Part of this empowerment is found in how a student chooses to dress during their time in school, which can make their time in school more relaxing and productive. EKA encourages students to dress appropriately for school activities. The dress code puts focus on academics, not fashion and allows students to express themselves through personality and individual achievement. Dressing appropriately creates a sense of school pride and belonging as well as reducing discipline issues and distractions. Students and parents will abide by staff requests to alter clothing when it has a negative impact on the educational environment as determined by the staff. The school has the right to designate which type of dress fashions, fads, or appearance(s) disrupt or detract from the educational program and may be a potential safety hazard. Students are expected to use good hygiene and wear clean clothes that fit.

SECONDARY GUIDELINES (grades 6-12):

- A: **SHOES:** All students will wear shoes with hard soles. Slippers are not acceptable footwear. Students should wear tennis shoes for physical education.
- : **SHIRTS/TOPS:** Shirts/tops are to be appropriately buttoned or worn in accord with the design of that shirt or blouse. Shirts cannot have necklines that are lower than the straight line from the top of the underarm across to the opposite underarm. Tops may not be transparent or expose the midriff. No tank, tube, halter, spaghetti strap, strapless or backless shirts may be worn. Sleeveless shirts, tops or dresses are permitted under the following criteria: shoulder seams must be at least 2" wide and the arm openings must be no longer than 2" below the underarm. Undergarments cannot be showing. If a jacket is to be worn to cover these types of garments, the jacket may NOT be removed during the school day, regardless of ambient temperature. Shoulder straps must be at least two inches in width. Shirts must be long enough in length to cover the stomach and back completely. Blouses made of sheer fabric may be worn only as an over blouse to tops that meet shirt guidelines.
- A: **PANTS:** All pants, including leggings, jeggings, yoga, exercise pants, should be worn on the waist without undergarment showing and of the appropriate size for the individual (not too baggy or tight). Shorts/skorts must be at least 3" above the knee or longer and hemmed appropriately, without frays and/or slits. If pants with holes are worn, holes exposing skin must not be any higher than five (5) inches above the top of the kneecap.
- B: **SKIRTS AND DRESSES:** The length must be at least 3" above the knee or longer and hemmed appropriately, without frays and without slits. Slits or openings cannot extend beyond three (3) inches above the top of the kneecaps. The tops of the dresses should follow the guidelines for SHIRTS/TOPS above.

"Personalizing Education – Challenging Minds."

C: HEADGEAR: Hats, hoods, caps, bandanas, etc. and unapproved headgear are prohibited inside the school buildings except on designated days.

D: GENERAL: If movement in the garments worn exposes the student's torso or undergarments, it is not acceptable. This includes pants worn below the hips, shirts with over-exaggerated arm-holes, or short shirts that do not meet the top of the student's belt line. Obscene, profane, gang affiliated, spiked, studded clothing or accessories, controversial slogans, or advertisements are prohibited, and we request that any shirts, jackets, or headgear with lettering or images be minimized. (If in doubt, ask an advisor or administrator, as they will be responsible for the final decisions on what is appropriate.) Appropriate undergarments must be worn at all times and must not be seen.

ELEMENTARY STUDENTS (grades K-5):

Elementary students will follow the same guidelines as the Secondary students with the following exception: All students will wear shoes that cover the entire foot, tennis shoes, high tops, etc. Shorts or leggings must be worn under skirts and dresses.

SPECIAL OCCASIONS

The administrative staff retains the authority to grant exceptions to the above guidelines for special occasions or conditions.

ATTENDANCE

in the early grades

Many of our youngest students miss 10 percent of the school year—about 18 days a year or just two days every month. Chronic absenteeism in kindergarten, and even preK, can predict lower test scores, poor attendance and retention in later grades, especially if the problem persists for more than a year. Do you know how many young children are chronically absent in your school or community?

Who Is Affected

Kindergarten and 1st grade classes often have absenteeism rates as high as those in high school. Many of these absences are excused, but they still add up to lost time in the classroom.

1 in 10 kids

in kindergarten and 1st grade are chronically absent. In some schools, it's as high as 1 in 4.¹

2 in 10
low-income kids

miss too much school. They're also more likely to suffer academically.¹

2.5 in 10
homeless kids

are chronically absent.²

4 in 10
transient kids

miss too much school when families move.²

Why It Matters

If children don't show up for school regularly, they miss out on fundamental reading and math skills and the chance to build a habit of good attendance that will carry them into college and careers.

Preliminary data from a California study found that children who were chronically absent in kindergarten and 1st grade were far less likely to read proficiently at the end of 3rd grade.

Who Can Read on Grade Level After 3rd Grade?³

64%

of kids with good attendance in K and 1st (missed 9 or fewer days both years)

43%

of kids with at-risk attendance (missed more than 9 days both years)

41%

of kids chronically absent in K or 1st (missed 18 or more days one year)

17%

of kids chronically absent in K and 1st (missed 18 or more days both years)

What We Can Do

Engage Families

Many parents and students don't realize how quickly early absences can add up to academic trouble. Community members and teachers can educate families and build a culture of attendance through early outreach, incentives and attention to data.

Fix Transportation

The lack of a reliable car, or simply missing the school bus, can mean some students don't make it to class. Schools, transit agencies and community partners can organize car pools, supply bus passes or find other ways to get kids to school.

Address Health Needs

Health concerns, particularly asthma and dental problems, are among the leading reasons students miss school in the early grades. Schools and medical professionals can work together to give children and families health care and advice.

Track the Right Data

Schools too often overlook chronic absence because they track average attendance or unexcused absences, not how many kids miss too many days for any reason. Attendance Works has free data-tracking tools.

These are a few steps that communities and schools can take. How do you think you can help?

Help Your Child Succeed in School: Build the Habit of Good Attendance Early

DID YOU KNOW?

- Starting in preschool and kindergarten, too many absences can cause children to fall behind in school.
- Missing 10%, or about 2 days each month over the course of a school year, can make it harder to learn to read.
- Students can still fall behind if they miss just one or two days every few weeks.
- Being late to school may lead to poor attendance.
- Absences and tardiness can affect the whole classroom if the teacher has to slow down learning to help children catch up.

Attending school regularly helps children feel better about school—and themselves. Start building this habit in preschool so they learn right away that going to school on time, every day is important. Eventually good attendance will be a skill that will help them succeed in high school and college.

WHAT YOU CAN DO

- Set a regular bedtime and morning routine.
- Lay out clothes and pack backpacks the night before.
- Keep your child healthy and make sure your child has the required shots.
- Introduce your children to their teachers and classmates before school starts.
- Develop backup plans for getting to school if something comes up. Call on a family member, a neighbor or another parent.
- Try to schedule non-urgent related medical appointments and extended trips when school isn't in session.
- If your child seems anxious about going to school, talk to teachers, school counselors and other parents for advice on how to make your child feel comfortable and excited about learning.
- If you are concerned that your child may have Covid-19, call your school for advice.
- If your child must stay home due to illness, ask the teacher for resources and ideas to continue learning at home.

Note: These numbers assume a 180-day school year.

Keep Your Child On Track in Middle and High School: Pay Attention to Attendance

Showing up for school has a huge impact on a student's academic success. Even as children grow older and more independent, families play a key role in making sure students get to school every day and understand why attendance is so important for success in school and on the job.

DID YOU KNOW?

- Students should miss no more than 9 days of school each year to stay engaged, successful and on track to graduation.
- Frequent absences can be a sign that a student is losing interest in school, struggling with school work, dealing with a bully or facing some other difficulty.
- By 6th grade, absenteeism is one of three signs that a student may drop out of high school.
- By 9th grade, attendance is a better predictor of graduation rates than 8th grade test scores.
- Missing 10%, or 2 days a month, over the course of the school year, can affect a student's academic success.

WHAT YOU CAN DO

Make school attendance a priority

- Talk about the importance of showing up to school every day.
- Help your children maintain daily routines, such as finishing homework and getting a good night's sleep.
- Try not to schedule dental and non-urgent related medical appointments during the school day.
- Keep your student healthy, and if you are concerned about Covid-19, call your school for advice.
- If your children must stay home because they are sick, make sure they have asked teachers for resources and materials to make up for the missed learning time in the classroom.

Help your teen stay engaged

- Find out if your children feel engaged by their classes, and feel safe from bullies and other threats.
- Make sure your teens are not missing class because of challenges with behavioral issues or school discipline policies. If any of these are problems, contact the school and work with them to find a solution.
- Monitor your teen's academic progress and seek help from teachers or tutors when necessary. Make sure teachers know how to contact you.
- Stay on top of your child's social contacts. Peer pressure can lead to skipping school, while students without many friends can feel isolated.
- Encourage your child to join meaningful after-school activities, including sports and clubs.
- Notice and support your students if they are showing signs of anxiety.

Communicate with the school

- Know the school's attendance policy – incentives and penalties.
- Check on your child's attendance to be sure absences are not adding up.
- Seek help from school staff, other parents, or community agencies if you need support.

EXPLORE KNOWLEDGE ACADEMY PRE-ARRANGED ABSENCE REQUEST

THIS APPLICATION MUST BE SUBMITTED TO THE FRONT OFFICE AT LEAST 1 WEEK PRIOR TO THE REQUESTED ABSENCE

NOTE: Prearranged absences WILL NOT be approved immediately preceding or following any scheduled EKA break. Prearranged exceeding the limitation on total absences WILL NOT be approved.

The Parent/Legal Guardian or student is responsible for checking Google Classroom for make-up work from all teachers and submitting the work as specified.

PLEASE NOTE: Nevada State Law allows a parent or legal guardian to arrange absences in advance. EKA allows up to **4** pre-arranged absences during a school year. All absences whether approved or unapproved count towards the total of absences for the year. Any arranged absence, for which the makeup work is not completed and submitted as required, is considered unapproved.
