SPRING PARENT TEACHER CONFERENCES

Families,

EKAPS is having its spring Parent Teacher Virtual Conferences on **Monday, March 10, 2025, between 8:00 a.m. and 5:00 p.m.** You have until the end of the day, **Thursday the 6th of March, at 3 p.m.**, to schedule a conference with our teaching staff. All conferences will be held virtually using Google Meet. The Google Meet link will be sent to you from one of your student's teachers. You will have the option to meet with one teacher, or you can choose to meet with up to four teachers simultaneously for each student.

Conferences will be scheduled in 15-minute blocks. If you are unable to meet with our teachers on this day or within these times, please reach out individually to the teachers you want to meet with to set up your own conference date/time. Please use the link below to schedule your conference.

Complete all information in this link to ensure that your request can be fulfilled

BREAKING NEWS

OPEN ENROLLMENT FOR THE 2025-2026 SCHOOL YEAR IS AVAILABLE ONLINE THROUGH OUR WEBSITE.

EKAPS 2025-2026 ENROLLMENT APPLICATION

*All current EKAPS students must complete the application (re-enroll) to secure their space for the upcoming school year.

Once the charter school reaches capacity, students seeking admission will be placed on a waiting list with vacancies filled through a lottery.

New incoming siblings may be enrolled at the same time by choosing First-Time Enrollment. Once the online enrollment form is complete for new students, our Registrar will contact you with the required documents you will need to submit to complete the enrollment process.

A once-a-year school fee of \$120 per student, is expected to be paid per student at the time of enrollment acceptance. The fee for each additional student in the same family is \$100. All fees are Non-Refundable. *No additional fee for use of Credit/Debit Card for payments. You can pay the 2025-2026 school fee online by visiting our website. [School Fees 2025-2026 SY](#)

In order to assist our families, we are offering a Financial Payment Plan. If you wish to set up a financial agreement please visit the link provided and make your first payment (a minimum of \$25).

https://exploreknowledgeacademy.formstack.com/forms/school_fee_payment_plan

For questions about enrollment or if your student does not plan on returning to EKAPS in the fall (August) of 2025, please contact our Registrar at rwalls@ekacademy.org.

*Please note: CCSD Online Registration must also be completed in April of 2025. EKAPS will let you know once this process is available to complete. In an effort to receive the most updated information, additional enrollment paperwork will be required to be completed in the summer months of 2025.

Thank you for your cooperation. We look forward to a great 2025-2026 school year!

IMPORTANT AFTER-SCHOOL INFORMATION

EKAPS understands that at times circumstances may prevent the timely pickup of a student. Therefore, it is critical that alternate arrangements be made for after-school care. In case of an emergency and a student is not picked up at the end of the school day, school staff will make an effort to reach parents/guardians and emergency contacts to arrange for student pickup. In the event that a parent/guardian or emergency contact is unreachable, or communication hasn't been received from the parent/guardian the Left Over student will be taken to Safekey per the EKAPS After-School Care agreement. Parents/Guardians will be required to pay EKAPS for Safekey at the rate of \$30 per student, per day, unless their student(s) is registered and the registration fee paid for Safekey through Clark County.

VALET REMINDERS

Please be mindful
of our students
and staff during
AM drop off and
PM pick-up.

TO KEEP OUR STUDENTS SAFE DURING THE HECTIC DROP-OFF AND PICK-UP TIMES, WE ASK FOR YOUR COOPERATION. IT IS ESSENTIAL THAT YOU AND ANYONE DESIGNATED TO DRIVE YOUR STUDENT(S) AGREE TO OUR TRAFFIC POLICIES AND PROCEDURES. THANK YOU IN ADVANCE FOR SUPPORTING OUR EFFORTS TO PROTECT ALL OF OUR STUDENTS.

WHAT IS WATCH D.O.G.S.?

WatchDOGS are fathers, mothers, grandfathers, uncles, aunts and other parental-figures who volunteer for at least one day each year at an official WATCH D.O.G.S. ® school. During the day, WatchDOGS may read and work on flash cards with students, play at recess, eat lunch with students, watch the school entrances and hallways, assist with traffic flow and any other assigned activities where they actively engage with not only their own students, but other students as well. Many school principals have reported that the mere presence of a WatchDOG dramatically reduces reports of bullying.

"Personalizing Education – Challenging Minds."

Dear Explore Knowledge Academy Families, Guardians, and Caregivers:

All students and members of our school communities deserve to feel safe, welcomed, and included. It is on all of us to work together to prevent firearm violence and to avoid the harm and tragedy that shootings of any kind can cause in the spaces in which we live, learn, work, and play.

Safe firearm storage is one of many preventative actions that you can take in keeping our school community and school buildings and grounds safe. When firearms are stored safely, it can help prevent them from getting into the hands of children and teens, who may use them to, intentionally or unintentionally, harm themselves or others. Safe storage can go a long way in preventing lives from being lost or permanently altered. If you have firearms in your home or if your child spends time in a space where firearms are present, there are important steps that can be taken to keep firearms secured and out of reach of unintended users.

Firearm-Related Injuries and Deaths: A Problem We Must Solve Together

Firearm-related injuries and deaths are a public health crisis that communities across the nation face every day:

- Since 2018, there have been more than 100 school shooting incidents per year in our country and those numbers have steadily increased.¹
- Approximately three-quarters of perpetrators in school-based active shooter situations acquired their firearm from the home of a parent or close relative.² This illustrates the close connection between your role as families, caregivers, and guardians and the role of Explore Knowledge Academy in keeping students safe while on school grounds.
- However, this issue goes beyond school-based active shooter situations and includes a variety of firearm injury types, including interpersonal violence, suicide, and unintentional fatal and nonfatal firearm injuries.³
- More than 4 million children live in a household with at least one unlocked and loaded firearm.⁴ Studies have found that households with both locked firearms and locked ammunition have significantly lower risks of self-inflicted firearm injuries and even lower risks of unintentional firearm injuries among children and teens compared to households that did not safely store firearms.⁵

Safe Firearm Storage: Actions to Take to Keep Our Communities Safe

Safe firearm storage can help prevent and minimize the risk of firearm-related deaths and injuries. Everyone, both firearm owners and non-owners, has a role to play in building awareness of safe, responsible firearm storage. Below are simple, highly effective practices that can help to reduce firearm-related incidents in our community and help protect our kids. In addition to these practices, it is important to also engage children and adolescents in conversations about the dangers associated with using firearms and what to do and not do in the event they access a firearm, to prevent fatal or non-fatal injuries.

"Personalizing Education – Challenging Minds."

- **Safely Store Firearms:** Store firearms—always unloaded—in a tamper proof locked cabinet, box, safe, firearm vault, or storage case that children or other unauthorized adults cannot access.
- **Safely Store Ammunition:** Store ammunition in a separate, tamper-proof locked cabinet, safe, firearm vault, or storage case that children or other unauthorized adults cannot access.
- **Secure Firearms:** Use trigger locks or cable locks to prevent a firearm from firing. (More information can be found on the [Safe Firearm Storage Fact Sheet](#), developed by the U.S. Department of Justice.)
 - Trigger locks use a mechanism that clamps down around the trigger or trigger housing to prevent it from being pressed (*Note: trigger locks should not be installed on loaded firearms*).
 - In a cable lock, a cable is threaded through the barrel or action of a firearm to prevent it from firing.

Explore Knowledge Academy remains committed to helping ensure the safety of our students and school community. We can all work together to promote awareness about how we can protect our children and our whole school communities by safely storing firearms and prevent tragedies from ever occurring. Thank you for being a partner in these efforts, and for helping reduce firearm-related injury and deaths in our community.

Sincerely,

Abbe Mattson
